STRATHCONA, ALBERTA, SATURDAY, OCTOBER, 31 1908

No. 148

An Emperor's Confessions

London, Oct. 31.—"It is a pity for Britain, but unpleasant for her friends." This sums up the average feeling in England over what the Daily Graphic calls this morning "immensely the most foolish of all the indiscretions of the Kaiser has done."

"May the world be charitable to him," concludes this paper, "just because of its foolishness, and forget it. Certainly if the Kaiser expected to remedy, situation in England, which he so frankly described, his object will not be served, for he has given from material to British newspapers, which they have eagerly seized. Why, then, if the Kaiser is in the minority in his affection for England, did he say at Guild Hall during his English visit that the mutual regard of England and Germany was the basis of the world's peace, and that the German race fell toward the English as he did himself. What are these avowals intended for? If to create dissension between Britain, France and Russia, they have miserably failed, for the upshot of the entire proceedings has not only brought the members of the triple alliance closer together, but certainly thousands of Britishers have been offended by the awkward passages of this interview."

William Stead breaks out into French, and, according to the Daily Mail, "accidentally" thanks the Kaiser for standing between England and the United States. He says there has been an impression in England that she was protected against aggression by the predominance of her navy, but that she recognizes that she has been overtaken and saved by the mighty arm of Victoria's grandson. "It is not to be expected at times," continues Stead, "that all Britishers cry 'Oh, Kaiser, live forever.' Yet a motor accident or a stumbling horse may deprive us of her only friend, and then it is left to lay down our arms and breadstuffs to provide against this dreadful contingency."

Paris, Oct. 31.—The completion of an emperor's confessions is found in the fact that the Kaiser's surprise visit to France played a leading role in trying to form a coalition of the powers against Britain during the Boer war. Every Frenchman sees that Kaiser Wilhelm's conduct only proves the entire isolation of Germany, which has been the object of a certain number of European politicians for some time. Proof of this isolation is found in the fact that the Kaiser's "Confessions" show that he cannot flatter a single first class power without rousing the suspicions of another. It will be no surprise to Holland to hear what he did and how he felt regarding the Boer struggle for independence as it will be to Japan to hear how the German war lord feels about the yellow peril. The avowed dislike of the majority of Germans for the English nation is now at all calculated to help along any Franco-German coalition. The natural aversion of the French to the German way of doing things in the political field is increased tenfold by this indiscretion, drawing from the British the frankest bit of war-time even given Germany since the theft of Alsace-Lorraine. The Temps says: "So long as Germany does not respect cheerfully its part with the new formula of peace which has replaced the old one, and as long as she is determined to maintain her position of sovereignty which Bismarck gained for her, she will struggle to separate England from France and from Russia, and to break up all new groups. It is the voice of a dead man that speaks, a dead man who knew how to trouble the waters."

Personators Arrested

Port Arthur, Oct. 30.—Three arrests have already been made on charges of personation at the polls at Thunder Bay and Rainy River and it is presumed that the evidence will reveal a wholesale attempt to plug the ballot boxes at different points. It is charged that at Dexter, a poll on the G.T.P. only ten were properly entitled to vote, but that 37 votes were recorded by some personators it is alleged, having voted as many as eight times and others three times at this one poll. Those under arrest are J. Bishop, T. Thompson, and J. Anson, who were taken into custody by provincial officers Cooper and Straton upon instructions from Crown Attorney Lawlor. They were found in different parts of Port Arthur and Fort William last night and are in jail. One prominent Conservative, in speaking to the W.A.P., commented that the revelations would show the Munich M. expedition would show it with impositions to this village.

BY IMAGINATION.

New York, Oct. 30.—Miss Dora Klappin, of New York, became a raving maniac the other day from worry caused by the conviction that she had hydrophobia.

Mrs. Thacker, a neighbor of the Klappins, 47 years old, living in the same house, suddenly went insane on July 5 last. The woman in the house did what they could to soothe her and finally turned her over to a lunatic asylum. That day Miss Klappin took a bath of milk to her. As she extended the milk Mrs. Thacker in a frenzy, spring at her and bit her savagely on the left ear. Mrs. Thacker was taken to Bellevue's psychiatric ward, and from there to the insane

Asip, L.I., where she died on July 11.

She wound on Miss Klappin's cheek and her face was so strong and healthy. She forgot all about it except occasionally to express pity for "poor Mrs. Thacker."

Some time after Mrs. Thacker's death the report spread and grew on East No. Hundred and Twenty-first street, she had died of hydrophobia; that a dog had bitten her.

Miss Klappin heard the rumor and repeated. "A hydrophobia scare" was prevalent then. The girl read of dogs with rather chasing children of persons doing in the throes of hydrophobia. She began to worry about herself. Her fears grew gradually, but surely, until they reached their climax, or rather her mind was lost to it. She fell into hydrophobia and refused to take food or drink. Her fingers, twisted at the mouth and nose, were twisted at the mouth and nose. Her fingers, twisted at the mouth and nose, were twisted at the mouth and nose.

THE IMPERIALISTS BANQUETTED MILNER.

Toronto, Ont., Oct. 30.—Lord Milner was banqueted by the British Empire League at the National club tonight. Col. G. T. Denison, Hon. G. W. Ross and Hon. G. E. Foster spoke. Lord Milner left for Ottawa at 11 o'clock.

Horrible Suicide

Chicago, Oct. 30.—Fearing that she might be sent to prison on a charge of stealing money from her employer, Miss Mary Levin saturated her clothes with kerosene and set them on fire today in the home of Charles and John Cook. Her attempt was discovered and an effort made to save her, but she fought off the rescuers, and with the flames enveloping her, which body ran into the street. She died this afternoon. The sight of the blazing woman caused alarm among persons passing the house. Fear soon gave way to a desire to save her before anyone could reach her side. Miss Levin fell in the street and was burned beyond recovery. "I wanted to die," said she. "I stole money from my employers and spent it and would rather die than be sent to prison." Neither of her employers knew she had stolen anything. She believed, however, that they had discovered her.

CLOSE SUPERVISION OF IMMIGRATION

Ottawa, Oct. 29.—During the first nine months of this year the Immigration Department has deported 1,000 immigrants as being undesirable citizens. During the same period 1,200 people have been released entry from the United States. These figures indicate the close supervision which now obtains. Six country has ever received a better class of immigrants than the 130,000 who settled in Canada this year. Immigration for the year has practically stopped. The Bureau of Census and Statistics is preparing a bulletin, giving full information as to the statistics of the recent sugar industry in Canada. At present the industry is confined to Alberta and Ontario where a large amount of capital has been invested. Since the revision of the tariff last season, the factories are far less in a better position to do business on a paying basis. The new bulletin will be the first authoritative statement on the conditions and prospects for the industry in Canada and it is understood will give encouragement to the establishment of sugar beet factories in other parts of Canada.

JUSTIFIABLE HOMICIDE

Ottawa, Oct. 30.—When Theo. Fox, after a struggle with D. J. Reardon, on the edge of the cliff in Rockcliffe Park on September 3, threw him overboard, he did the proper thing and was warmly commended by Magistrate O'Rourke. Fox was walking with his father in Rockcliffe park today, Monday, in a straight-forward manner he told the coroner's jury the whole story and the coronator entirely exonerated him of any charge of having caused the death of his man. Fox was acquitted.

Dr. J. C. Walbridge informs us that he was in no way responsible for the failure to have the Oldfield's hall open the night of the Conservative meeting as he has for some time, back had nothing to do with the coronator at the hall, which is under the care of Mr. Charles Bellotti.

Calgary's Street Railway

Calgary, Oct. 30.—The street railway committee met last night after the council meeting had adjourned. A.H. Mitchell, chairman of the committee, first called upon Dr. Laflerty, who was present, to explain all he knew about the Belgian company that is thinking of trying to secure a franchise here.

Dr. Laflerty stated that he had met a representative of a Belgian company some time during his travels. The representative had later written him asking for particulars regarding the street railway. It appears that the capital of the Belgian street railway is made up of investments, returns of the rapidly increasing returns which come from them, and they have consequently built up many roads that they have lost sight of.

The committee gave no promise but intimated that no deal would be put through last night.

Then the reading of the proposed franchise was taken up by clause. It then appeared that the clause which caused the deadlock between the city and Mr. Atkinson, of the Montreal Engineering Co., was that which applied by the franchise. The city first proposed a 30-year franchise, the first five years of which the company was to pay only taxes, the second five years taxes and 3 per cent. of the gross earnings, the third five years, 10 per cent., and the fourth 15 per cent.

Mr. Atkinson came back with a proposition of a 20-year franchise with the following adjustment:

First five years, exempt from taxation; second five years, pay the taxes; third five years, taxes and 25 per cent. of gross earnings; fourth five years, 3 per cent. of the gross earnings if the city has a population of 60,000 and in per cent. if the city has a population of 100,000 or over.

The committee did not like this at once and after considerable discussion decided to ask the railway company to accept the following offer:

First five years, pay the taxes; second five years, pay taxes and 3 per cent. of gross earnings; third five years, pay taxes and seven per cent. of gross earnings; fourth five years, pay taxes and 12 per cent. of gross earnings.

HE PLAYS THE GAME.

London, Oct. 31.—Four libel suits are still pending against Lord Northcliffe (Alfred Harmsworth) in consequence of his attack three years ago on the projected soap trust, although it is said that he has already paid \$1,250,000 damages.

The Lever brothers, who sought to form the trust and to whom he paid \$250,000 for the libel published in the Daily Mail and the Evening News are now suing the Glasgow newspaper, the Glasgow Record, for \$250,000 damages.

The libel is not denied, nor is there an effort to palliate it. Northcliffe pleads that the payment made in the Daily Mail covers his other papers.

To settle the Scotch judge to divide that question, the two leading Glasgow newspapers, the Glasgow Herald and the Glasgow Free Press, have agreed to give evidence for a fee of \$2,500 a day.

Last Night's Wrestling

The programme of wrestling arranged for last evening in the Buelton Block had to be altered owing to unforeseen accidents. Jack Davidson, who was to have gone on in the preliminary with Leo Benson, did not turn up, so Jim White and Benson gave a fifteen minutes exhibition of wrestling. White won his match with Bert Archer, securing the first fall in 21 minutes, and the second in 6 minutes, but was so injured that he was unable to take on the German Koch, whom he had agreed to throw three times in an hour. However, White put up a piece for a match between Archer and Koch in which some interesting wrestling was seen.

When White and Archer took the mat for their match, which White undertook to throw his big opponent in thirty minutes, some quick work was seen for a few minutes. Then Archer got behind White and secured a waist hold which for a time baffled all White's attempts to break it. When the Minneapolis man did get away Archer soon got the same hold again, but could not keep it long, and when in minutes had secured the big man's shoulders were put to the mat with a double bar lock. When the men came together again a short but rough bout was seen. Archer got the same waist hold which baffled White in trying to get away, and Archer twice threw White against the wall and his side was injured, but in spite of this the smaller man got the upper hand and secured the fall with three minutes to spare.

The bout between Archer and Koch was not as good a contest, but his strength with White had taken a good deal of the steam out of him. The German put up a good contest for twelve or fourteen minutes, and then Archer got a hammerlock. Koch was under the thumb for a while, but Archer let go his hold, but Koch's manager claimed that the German wrestler was not satisfied and wished to go on. Archer was again the victor, but as Koch's arm was in danger of being broken the spectators begged the referee, Kenny Blackford, to part the men, and this was done. The contest being awarded to Archer, though the German still protested that he was not beaten.

There was some grumbling amongst the audience because, White, in spite of his injuries, did not take Koch on, but White offered most the German at any place and on any terms after November 30, on which date he has a match in Edmonton. It was rumored that Koch and White should meet on the evening of November 30, in the Opera House.

WILL MARY JENNINGS.

New York, Oct. 30.—Probably the happiest man in New York yesterday was Yusuf Mahomet, the Bulgarian champion wrestler. Yusuf is happy because he is at last to have the opportunity of meeting an American wrestler on the mat.

He caught a side bet to get a match, challenging Frank Gotch and Tom Jenkins, who agreed to wrestle catch-as-catch-can style, three out of five falls, at the Metropolitan.

Yusuf made a side bet of \$100, and deposited this with George Condit as stakeholder. Several western clubs are bidding for the bout, and it will take place at the Metropolitan Club, Grand and Kansas City, within six weeks.

Labor Conditions Better

Ottawa, Oct. 30.—The October issue of the Labor Gazette in its general summary states that "General industrial and labor conditions showed a marked improvement during September compared with the earlier months of the season. The weather was exceptionally favorable for harvesting, threshing and marketing of grain crops, and the early data at which these operations became possible, tended greatly to increase the general activity."

After a reference to the western harvest, the summary says: "Another important feature of the month affecting labor was the increased activity in railway construction in western Canada and elsewhere along the line of the national transcontinental railway. This absorbed a large number of workmen." The manufacturing industry and building trades also showed a marked improvement compared with August. Coal mining in Nova Scotia has advanced somewhat elsewhere the industry has a good month.

The lumber trade was dull, and the timber during the winter will be considerably below that of last year. The number of men engaged in the woods and the rates of wage since a considerable diminution.

Wages remained for the most part stationary during September, with a slightly upward tendency among export and farm help, and railroad construction labor in localities where a scarcity prevailed. On the whole rates were lower than those prevailing at the corresponding period of 1907.

THREE VICTIMS OF A NEW YORK FIRE.

New York, Oct. 31.—Hemmed in by flames and unable to escape from the basement of a business house on Duane street, Henry Jones and David Mahoney were burned to death last night, and William Settagus was seriously burned about the face and hands but will probably die. The men were employed by the firm of Stillman and Engelman, manufacturers of celluloid novelties, and they were at work when a barrel of celluloid caught fire. The poisonous fumes soon overcame Jones and Mahoney and they perished, but Settagus managed to fight his way through the flames to the street where he fainted.

Frank Stillman, a member of the firm and four girls employees escaped from the building by the fire escape. The fire was quickly extinguished when the fire engines arrived, the loss to the building being about \$5,000.

BIG G.T.P. ELEVATOR AT FORT WILLIAM.

Winipeg, Oct. 31.—Tenders have been received during this week from a number of the best elevator builders on the continent for the erection of the Grand Trunk Pacific terminal elevator at Fort William.

The specifications call for a house of 4,000,000 bushels capacity, being the most modern in its equipment of any yet built in this country, and capable of taking in more cars and pouring in vessels than any other on the continent. The house is to be also fully fireproof and have all of the equipment necessary for cleaning, drying and properly handling grain.

CURRENT COMMENT

It is desirable that the elections in the country within the next few years, for the most part of five years, and that the various attacks on both sides be forgotten. Our temporary misadventure, in its editorial yesterday's deals with the "Globe" campaign, and would like to have its readers believe that the attacks and various attacks were entirely on the side of the Conservatives. As a matter of fact, Mr. Day was equally guilty in this respect. The government supporters, however, being on the defensive, had not the main excuse for their bitter attacks. Yet everyone knows the model adopted by the Bulletin of attacking the Conservatives' position generally and Mr. Oliver's position particularly. Its attacks on the members of the opposition have exploded in vituperative bitterness anything ever penned by the opposition press, and it has instilled questions into the contest which were never touched on by the other sections of the press in the West. The Bulletin's editorials on the race question were calculated to raise the very worst type of bitterness. Thanks, however, to the discretion and moderation of the other papers in the province, both government and opposition, the Bulletin was left to shoot its arrows alone. But even the Bulletin has been surpassed in the malignity of its language by the other great government organ in the West, the Winnipeg Free Press. This Hon. Clifford Sifton's organ has seen fit to use language that was left to shoot its arrows alone. But even the Bulletin has been surpassed in the malignity of its language by the other great government organ in the West, the Winnipeg Free Press. This Hon. Clifford Sifton's organ has seen fit to use language that was left to shoot its arrows alone.

Zam-Buk Saves A Farmer's Arm

SOME SENSATIONAL PROOFS OF ITS HEALING POWERS.

Every day brings interesting instances of the power of Zam-Buk, the herbal balm. Mr. Smith, a Langford (Sask.) farmer, says: "I saved my arm by using Zam-Buk. I had a terrible fall and the arm was broken. I used Zam-Buk and it healed me. I had a terrible fall and the arm was broken. I used Zam-Buk and it healed me. I had a terrible fall and the arm was broken. I used Zam-Buk and it healed me."

Around the City

Strathcona's first street car made a trial trip this afternoon and excited much interest.

The Currier's ball last night was a huge success and the management are to be congratulated on their work. The music was supplied by Richardson's orchestra.

It is expected that the first of the street cars will run to Strathcona today and that the regular service will be commenced on Monday.

The funeral of Andrew McCulloch, late Chief of Police, which was held yesterday was very largely attended. The city council were present and occupied the front pews in the Presbyterian Church, where the service was held. The pall bearers were Constables McMillan and Shupley and four of the Edmonton police. Rev. David Fleming conducted the service.

BOXING.

POTTS-KERNS. Jimmy Potts, the light-weight champion, arrived in the city yesterday and as soon as training quarters had been arranged he will commence work for the Potts-Kerns bout on November 5th.

Potts had a match on the 29th in Minneapolis, but as the outcome was failed to come through with the side bet, the bout was called off and Potts came direct to Edmonton. Potts is in the pink of condition, having been ready for his Minneapolis match and will have little to do here except to keep that way. He appears to have all kinds of confidence, and looks forward to a match with Kerns as an interesting but pleasant event on the year's programme.

As for Kerns, advice from Calgary says that the Keweenawer bout will draw the biggest house ever got together in Calgary and while the local sports are naturally favorable to Lander, they are beginning to recognize that they have put the little Scotchman up against an antagonist who is likely to put a sudden stop to his championship aspirations.

THE HON. THOMAS GREENWAY.

Thomas Greenway, whose death we reported yesterday, was the son of the late Thomas Greenway and Eliza, both dead. He was born March 25, 1858 in Cornwall, England. He came to Canada with his parents who settled in the township of Stephen, Huron county, Ontario, where he was educated in the public schools. He was reeve of the township ten years. He was an unsuccessful candidate for the representation of South Huron in the House of Commons in 1893, but was elected for South Huron at a bye election caused by the unseating of the sitting member. He was elected by acclamation and ran in the Home re-nomination. He then came west to Manitoba in 1898, and began farming. He was elected at the general election in 1899 to the Legislature for Manitoba, and was re-elected at each succeeding election. He became leader of the opposition in the Assembly, in 1902, and Premier in Jan. 1905, and was leader of the government in January, 1909. He was twice married, first to Miss Anne Hicks in Jan. 1880, who died in 1895; second to Miss Emma Rossy, in 1897. He was elected to the House of Commons at London general election in 1904. His religion he was a Methodist.

STOMACH TROUBLES would more quickly disappear if the idea of treating as, rather than the effect, would be in mind, says Dr. Shoop, governs one into practice. A tiny, inside, and given strength to the stomach. A ranch also goes to the heart, and on the kidneys. When these "inside" organs fail, then the organs must alter. Dr. Shoop's Restorative is directed especially to these failing organs. Within 48 hours after starting on Restorative treatment, patients may feel better a gain. Sold by all dealers.

Penny Wise

There is a saying that does not save. There is no satisfaction or profit in saving a few cents on a prescription and getting medicine of an inferior quality. Unless medicine is skillfully compounded by experienced persons, it is costly at any price. The thing to look out for to insure upon, is quality. Quality is the only thing to think of when we buy drugs. If you want the satisfaction of knowing that your prescription is absolutely right bring it here. The price will be reasonable, no more and no less than the drug and work is worth. No one can fill the prescription as it ought to be filled for less than we shall charge.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness. The heart is the pump that keeps the blood flowing through the body. If the heart is weak, the blood flow is reduced, and the body suffers. Dr. Shoop's Restorative is a powerful medicine that strengthens the heart and the nerves. It is a natural remedy, and it is safe for all ages. It is a true heart tonic, and it is a true nerve tonic. It is a true heart strengthener, and it is a true nerve strengthener. It is a true heart restorative, and it is a true nerve restorative. It is a true heart tonic, and it is a true nerve tonic. It is a true heart strengthener, and it is a true nerve strengthener. It is a true heart restorative, and it is a true nerve restorative.

Dr. Shoop's Restorative "ALL DEALERS"

Go to the blood, if you are to drive heartism. A Wisconsin physician, Dr. Shoop, does this with his remarkable remedy—aid with scientific success. Rub-on's, says the doctor, never did cure heartism. It is more than his. It is constitutional always. Because of this principle, Dr. Shoop's heartism Remedy is perhaps the most popular in existence. It goes by word mouth from one to another, everywhere. Grateful patients gladly spread words. It is an act of humanity to all the sick of a way to health. Tell your sick ones. Sold by all dealers.
